

# PLEDGE-A-PROTEST

Planned Parenthood® of Indiana

Frequently on Sundays and on most holidays, anti-Planned Parenthood activists stage protests outside the homes of PPIN staff members or supporters. They carry graphic banners and conduct what they call a public “rebuking” of staff and friends who support our work.

**So, when they show up, what are they really protesting?**

- 43,281 Pap tests to detect cervical cancer.
- 42,000 screenings for sexually transmitted diseases.
- 23,000 pregnancy tests and counseling sessions to discuss all options.
- 260,000 patient visits to discuss health and responsible decision making.
- And yes, 5,000 safe and legal abortions that could have been prevented with more education and more access to birth control.

**Make a donation today and help us focus on prevention now for a healthy tomorrow for all Hoosiers!**
